

Capability Statement

About Us.

At Myndshift Group, we bring over two decades of specialised experience to the recruitment landscape, particularly within the mining, civil, and heavy engineering sectors. Based in Brisbane, Australia, we have cultivated deep industry networks and a reputation for excellence in sourcing top-tier talent for a diverse range of projects, from greenfield startups to large-scale mining operations.

Established with a mission to provide unparalleled recruitment solutions, Myndshift Group leverages over 20 years of expertise to support our clients in building successful teams. Over the years, we have forged strong relationships with leading mining companies, Tier 1 contractors, and OEM groups across Australia.

Myndshift Group specialises in direct permanent hires along with blue & white collar specialist contractors across the following job disciplines.
